

# **NHRA YOUTH RACING**

As part of its wide variety of racing series, NHRA offers the Youth Racing program, in which teenagers who are 13 to 16 years old can race one another in street vehicles, be they vintage machines or models straight from the showroom floor. The cars must be full-bodied street-legal vehicles that meet program requirements. Participants must have a licensed supervising adult in the car on all runs, which are made on the eighth-mile track using an elapsed time dial-in format and limited to 10.00 seconds and slower.

Participants may not compete in any other class except Jr. Dragster. As part of the membership purchase necessary for this program, participants also receive the digital edition of award-winning *National Dragster*, access to NationalDragster.net, and excess medical insurance (coverage may be different outside the United States).

NHRA Youth Racing is for drivers of full-bodied cars, trucks, vans, or SUVs. Prohibited vehicles include open-top SUVs or open-top SUV-type vehicles. Convertible tops are allowed but must be closed at all times. Motorcycles and race cars are prohibited. All vehicles must be street-legal and driven in and carry proof of vehicle registration and valid insurance. Vehicles also must display valid license plates and be able to pass all state highway safety requirements for the state in which the vehicle is registered.
